They also offer a single-color imprint option if we were to order 50 or more, at roughly 3 times the cost. That looks like this:

I think the imprint option would set us apart from other brochures out there, and make us look like a “professional” organization. However, I don’t know that it is worth the extra cost and quantity.

## Attachment 4 NHS First Settlement Event

America250 event planned for June 6<sup>th</sup> will be in Reno. Should we plan to attend to represent the Dayton side of the story? Sounds to me like they plan to present/discuss only the Genoa history.

**Subject:** Potential Archival Opportunity

Hello Linda and Becca,

I hope you're both doing well. I wanted to share an opportunity that just came across my desk, because I immediately thought of the Dayton Valley Historical Society.

The Nevada State Historical Records Advisory Board's **First Things First** archival project unexpectedly has **one open spot**. It's designed to support organizations that provide public access to historical materials and want help surveying, organizing, and making their collections more discoverable—with guidance from an archival consultant.

Here's the exact note we received:

“We unexpectedly have one place open in the project. If you know of a repository that would benefit from the support offered through this project—an organization that provides public access to materials and has the capacity to succeed—please send their contact information to me and I will reach out to them.”

The main question on their end is whether the society would have enough **volunteer capacity** to participate and benefit from the process.

If this sounds like something DVHS might be interested in, let me know and I'd be happy to pass along your contact information right away. Timing-wise, the first virtual meeting is expected in early March, so there's a little breathing room.

I really think this could be a **great fit** for your society.

Warmly,  
Liz Cain  
President  
Carson City Historical Society
